

# EMDEK MINI (PUSH MODEL) POST HOLE DIGGER (PHD) / SUBSOILER

The Emdek Mini (Push Model) PHD / Subsoiler with auger designed for digging holes for replanting purpose, fencing post planting and fertilizer sub-soiling to prevent loss of fertilizer from surface run off. This machine mounts 2-stroke petrol engine (made in japan) with chrome cylinder and forged steel drive shaft with connecting rod. The engine controls are conveniently grouped together on just one hand, making this ideal solution for one man operations.
